

TO SEEK NEW
SCHOOL SITE

Board of Education Thinks
Mesa Site May Entail
Too Great Expense.

Believing that the cost of excavation for the proposed new high school would entail too large an expense, the board of education, at its meeting held Monday evening at the Bailey school, decided to make an effort to acquire another site. While the board did not definitely decide to abandon the Mesa site, the members were of the opinion that they would have no difficulty in securing an option on a block east of the present site.

The board expects to have several propositions for new locations to be submitted at its next meeting. The revised plans for the proposed new school were exhibited at the meeting Monday night. Very few changes were made, swimming pool for girls is retained in the new plan.

To Rent Athletic Club Building.
The Catholic Athletic club building and grounds at the corner of 10th and 11th streets, owned by the board during the school term. This will be used for a gymnasium and for the use of the Catholic high school. Football practice will be held by the squad on the grounds.

Mrs. J. W. Egan was appointed treasurer of the board by a committee of citizens. The treasurer's duty will be to investigate all cases of non-payment of tuition and to compel parents to send their children to school during the term.

Frank Murchison was elected treasurer of the schools for the present year. Manual training will be installed in the Highland Park school for the boys who are anxious to take up this line of work. Work benches and tools will be at once installed.

Report Shows Increase.
The report of Superintendent Tighe was submitted to the board showing a comparison of the attendance this year with that of 1913. There were 143 teachers employed by the board of education during the 1913 school term and 542 pupils were enrolled. This year, according to the school census taken on the 10th day of school, there are 172 teachers employed and an attendance of 625. This is an increase of approximately 25 percent. Despite the increase, the cost of educating each pupil has decreased. According to Prof. Tighe's report the cost per pupil in 1913 was \$42.87 in comparison with \$27.44 this year. This is about the average cost throughout the United States, including the rural and city schools.

Cadet Corps to Be Formed.
A cadet corps will be organized at the high school as soon as the Krag rifles are obtained from the government. Superintendent E. J. Tighe has requested the guns, and the government has agreed to furnish them, but it is not known when they will be received. A medal has been offered to the cadet attaining the greatest proficiency in the manual of arms. The medal will be awarded in competitive drill the latter part of the school year.

The school board decided to grant a holiday on Thursday, so the school children could attend the circus and the parade.

The members of the school board present were: J. E. Morgan, Robert Lindgren, Chas. Adams, H. L. McClellan, F. R. Simmons and Dr. J. A. Pickett.
